About National Book of *Records*

National Book of Records (NBR) is one of India's leading platforms dedicated to recognizing extraordinary talent, unique achievements, and inspiring individuals across diverse fields. Established with the vision to identify, honor, and promote excellence, NBR provides a credible and structured platform for individuals to showcase their achievements at a national and global level.

NBR is a government-registered and ISO Certified International organization and operates with a strong commitment to authenticity, transparency, and quality standards. Every record undergoes a proper verification process before being officially recognized and certified.

Over the years, NBR has recognized 20,000+ achievers across India and beyond, including students, professionals, innovators, artists, and institutions — making it a trusted name in the field of record recognition and awards.

NATIONAL BOOK OF RECORDS RECOGNITION & REACH

- NBR certifications hold value in academic, professional, and global recognition spaces
- Recognitions that help strengthen international portfolios and credibility
- Opportunities for media coverage, digital visibility, and cross-border exposure
- Access to international nomination pathways and recognition platforms
- Trusted by achievers aiming for global visibility and recognition

SELECTION & APPROVAL

NBR follows a highly selective and quality-driven approval process to maintain the credibility and prestige of its recognitions. On average, only 5%–7% of total applications are approved after careful evaluation and verification. This limited selection ensures that every certified achiever truly stands out and represents genuine excellence.
